Organic Fresh Fingers will provide Trillium with milk, breakfast and lunches for the 2008-09 school year. Trillium is a charter school that includes a garden program.

"Our food program is about teaching healthy eating and sustainable practices, all things we feel are worthy," said Arianne Newton, the community-development and garden-and-food director for the school.

Organic Fresh Fingers makes and sells organic lunches and snacks. Meals are vegetarian, with locally produced ingredients when possible, and meet federal standards.
